

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

The Demand for December, 1909

BIRD-LORE

has so exceeded our estimate that, in spite of the fact that we printed an unusually large edition, the supply is now exhausted. We will, however, send a copy of the Sparrow plate (the first of the series of the Sparrows of North America in color) which appeared in that number to all subscribers to Bird-Lore for 1910 (Vol. XII), in order that their series of these plates may be complete.

Annual Subscription \$1.00
